

Brook Marie Martinez

Hello! My name is Miss Brookie and I am the Tiger teacher (Twos's) at The Winner School. I attended Cottonwood High School, where I began teaching Preschool and Early Childhood Development in 2003. After I graduated in 2004 I began to substitute for Headstart SLCAP of the greater Salt Lake area. In 2006, after Hurricane Katrina hit New Orleans, Headstart sent me to Camp Williams to help run temporary childcare for children four years old and younger, until relocation was possible. It was the most meaningful thing I have ever done. I knew where I wanted to be. Afterwards, I was promoted to assistant teacher in 2006. I resigned from Headstart and found a home at The Winner School! I have attended classes and seminars for Early Childhood Development and have had extensive training. My husband and I have no children of our own so my "class" becomes my "kids"! The Winner School is a wonderful place to watch them learn and grow. After all these years, I can't think of anything else I would rather do!
