

MISS ERIN

My name is Erin O'Brien and I grew up at the Winner School. I took the 3 year old class here almost 18 years ago, and now I am so excited to be helping to teach it with Miss Vicki. Currently, I am a third year student at the University of Utah working towards a degree in early childhood education. I also danced for many years here at the Winner School and I help to teach the Junior Jazz kids (ages 5-6) during Winner School summer camp. I love children and feel privileged to have the chance to work with them in such a fine program. During this next school year, I also will be tutoring junior high school students in reading and grade school students in math. When I am not teaching or attending college, I enjoy University of Utah football games, watching the movie "Tangled" with my roommates and jamming out to country music. I love the Winner School!
