

Hello,

My name is **JR BROWN**. I have worked at The Winner School since 2006 as a school bus driver. I have to say, I really enjoy it! It is great working with all of the children, especially in the summer, playing games and interacting, as well as learning how many differences they have as individuals. My daughter, Aspen, has been attending the school for the same duration that I have been working here and loves it! I framed custom homes for six years before I decided to obtain my CDL license. I can honestly say I enjoy what I am doing now much more! It brings a smile to my face just to see the happy kids every day. My wife, Jolyn, also drives a school bus for Alpine District, for special needs children. She really enjoys working with the children and she also joins The Winner School staff for the summer! It really is fun working together. I love to fly fish and "play" in the great outdoors!
