

Mr. Johnny

Hi! My name is Johnny Saccomanno. I have worked at The Winner School since 1997 and I absolutely LOVE my job! There is just something about this school that seems to put a smile on my face and make me happy, and who could ask for a better work environment than that?! I find it very important, valuable and rewarding working with young people, and in return, they teach me something new everyday! What a great deal! I grew up at The Winner School, so working with my family, and wonderful co-workers, is the only place for me! I oversee the Snack Bar, our Jazz program and summer camps and make sure our school has the supplies necessary to make us rock! I also work in the office, with daily operations of the school, and help everything run smoothly. .

I graduated in Communications from The University of Utah in 2005. Since then, and before, I coached basketball at various levels but, mot of all, enjoy teaching basketball to young people. This summer was the third year of the Johnny Saccomanno Skills Basketball Camp and it was a blast!

I am married to April, a wonderful and beautiful woman. We have been married for a little over a year. I have a stepson, Bennett, who is my partner in sword fighting, watching Sponge Bob and playing Battleship. (He always wins!) I also have a dog named Rico who is full of energy! I love spending time with all of them. We enjoy movies, going out to dinner, playing games and just hanging out!

I love The Winner School and everything about it! I literally grew up here and take great pride and pleasure in taking part in such a unique environment! I look forward to working with and building relationships with all the wonderful kids and parents!
