

Hello, My name is Sunny! I have been a teacher at The Winner School since 2002 and I absolutely love teaching your children. I am so excited for this year and cannot wait to see all those smiling faces. This year I will be teaching the A.M. Bear dayschool class as well as teaching the Jazz after school children. My experience with children has changed my life in so many positive ways. No matter how much teaching I do, it seems that the children are constantly teaching me new, creative ideas everyday. My goal, this year, is to create an exciting positive learning experience that leaves your children hungry to come back and get involved in their class and learn more. I have attended many early childhood education classes and received extensive training hours in education and early childhood development. I am currently working toward earning my CDA through the Career Ladder program. I have also taken classes in psychology.

I am 28 years old and have a beautiful, loving girlfriend, Celeste, and a little future step son, Conley, who is 7. Conley has attended The Winner School for four years. He loves it and has met many friends here. Celeste and Conley are the highlights of my life and I love them dearly! We purchased our first home two years ago in Daybreak and have been enjoying it ever since. I really enjoy playing and spending time with my family. I also love any activity that takes me outside and brings me close to nature. I am a sucker for nice cars and I love my MINI Cooper. I can't wait to meet you and your children. This year is going to be amazing!

"The past is history, the future a mystery, but today is a gift! That's why it's called the present." -Unknown-
